

## **LIVING ON GLORY ROAD #2**

*TERESA VU

### **REFRAIN:**

**Living on glory road, we are living on glory road,  
When the Light of the World is the light we behold;  
Believing, forever more, in the greatest story ever told,  
As we follow the Son of God, on glory road.**

### **VERSE 1:**

**Living on the road to glory,  
Where the flame of faith is the light that never fades,  
Where our love for God can never be bought or sold.  
Living to lose our life for the sake of Jesus Christ,  
When our light shines before others for all to see,  
We'll be glorifying God Almighty, on the road to glory.**

## **VERSE 2:**

**Living on the road to glory,  
Where those who have more, reach out to help the poor.  
Where the giving and forgiving become the way of living,  
Living to live forever, by loving God and one another.  
When our caring and sharing serve to save the many,  
We'll be glorifying God Almighty, on the road to glory.**

## **VERSE 3:**

**Living on the road to glory,  
Where the light of righteousness outshines the days,  
As the gifts from heaven are blessed and given away.  
Rising from death to new life in the everlasting light,  
When Christ becomes our way, our truth, and our life,  
We'll be glorifying God Almighty, on the road to glory.**
